Hail?

5-22-75

While returning from Annapolis from the recent special session of the Maryland legislature, I listened to Hugh Sidey on WTOP radio commenting on an article in The Washington Post about farming the natural way. Mr. Sidey ended his presentation with the expression "Hail to the manure spreader, hail to the cultivator and hail to The Washington Post, a glorious combination." I am having a great deal of difficulty with the significance of the cultivator.
